Compatibility

- The Basement Watchdog Maintenance Free Standby Battery is compatible with all current Basement Watchdog backup and combination systems
 - **Big Dog+ CONNECT®** (BWD12-120C)
 - **Special+ CONNECT®** (BWSP)
 - **Emergency** (BWE)
 - **Big Combo CONNECT®** (CITS-50)
 - **Combo** (CITE-33)

NOTE: Older versions, before 2014 of the Basement Watchdog Special, Basement Watchdog Big Dog and Basement Watchdog Big Combo systems, may not be compatible with maintenance-free batteries. Using a maintenance-free battery with an older system may cause false alarms. Visit www.basementwatchdog.com/battery-compatibility for more information.

Warranty

1-year replacement warranty

Purchase with a Basement Watchdog pump and receive an extra year warranty on the pump.

Basement Watchdog Sump Pump Run Times

Battery Model	BWD12-120C	BWSP and CITS-50	BWE and CITE-33
BW-27AGM	40 Hours*	48 Hours*	80 Hours*
BW-27AGM x 2	80 Hours*	96 Hours*	Not Recommended

Double your run time by connecting two BW-27AGM batteries using the Basement Watchdog Parallel Jumper Cable (PJC)

* Based on 10% duty cycle. Run times may vary based on inflow of water
